

PSA Centrii

CEN210TWSK

Smart Video Intercom System
Door Camera With Access &
10" Touchscreen WiFi Monitor

PSA's smart 10" touchscreen video intercom system allows home owners to be connected and have the convenience of a monitor at home. Be notified, talk or unlock from the app anywhere or from the comfort of home on the monitor. Built-in access control allows keyless entry by PIN code or keyfob. SD card slot allows recording and digital photo frame function when an SD card is inserted.

Features

- 10" HD Touchscreen Monitor
- IP65 door station with built in access keypad and RFID reader
- Connect for remote notifications and control using the PSA Centrii App
- Record visitors on SD card or Cloud (subscription)
- Up to 200 user codes and 200 RFID tag capacity
- Digital photo frame function on standby mode
- Expand to 2 door stations and up to 6 monitors
- Expand with 10" or 7" monitor options
- Door and gate release locally or remotely
- IR LED's for night vision
