

# IntelLink App QUICK SETUP GUIDE (for IntelLink NVR)

Produced by PSA Products (www.psaproducts.com.au). Version 2.1 Mar 2022

## INTRODUCTION

Welcome to your IntelLink CCTV system.

This Quick Setup Guide shows how to connect the IntelLink App to your IntelLink NVR for remote access via a smartphone.

First, follow the “**IntelLink NVR- Quick Setup Guide**” to setup your NVR.

Confirm your NVR is connected to your Internet modem via an Ethernet network cable. Ensure your modem is online to the Internet.

## STEP 1 Find NVR QR-Code

a. On your NVR, right-click to show the popup Main Menu.

b. Click “**P2P**” under the Network section of the Main Menu.

c. This QR-Code will be scanned twice:  
(1) as the App download link.  
(2) as the NVR ID (in Step 6c).

## STEP 2 Install IntelLink App

a. Scan the QR-Code with your phone to download the App.

Tip: You can also manually search for “**IntelLink**” in your App Store (iOS) or Google Play store (Android).

b. Follow your app store instructions to download and install the **IntelLink** app.

## STEP 3 Register App account

a. Start the **IntelLink** app.

b. Tap “Sign Up” to register a free account with your Email address. Follow the app instructions to setup & verify your new **IntelLink** account.

## STEP 4 Log in to App

a. Tap “Log In” for the Login page.  
b. Enter your newly registered account details. Tap “Log In” to confirm.

**IMPORTANT:** Your NVR will be “bound” to this login account, which will manage all online App access to your NVR.

## STEP 5 App Permissions

When prompted, allow necessary permissions for App to operate.

**Important:** Tap “**Allow**” to permit Notifications from your NVR. (e.g. for motion detection alerts)

## STEP 6 Pair the NVR to App

a. Tap “**Add Device**” (or the “+” icon) to add your NVR.

b. Tap “-” icon (top-right corner) to start the QR-code scanner.

c. Aim the phone camera at the QR-Code on the NVR screen (as seen in Step 1c).

d. This starts the pairing process, which may take up to 2 minutes to complete.

## STEP 7 Successful Pairing

The App will report successful pairing.

Tap “**Done**” to return to Main Menu.

Tap the NVR icon to enter Live View.
